

# Long Way Back

Sheryl Crow

I got an up close glimpse of the outside world  
It's an awful big place, well that's for damn sure  
Seen more of this life than most have seen  
And it's taken a mighty toll on me  
Ah it'd sure feel good to be free

Some days I feel alright  
Some days I can't wait until it's night  
Sometimes you gotta face that light  
Get back in the ring, put on your gloves and fight  
I think it's gonna take some time  
To find a way to ease my mind  
It's gonna take the long way back home  
So I'm gonna take the long way back home  
Back home

Did you ever see a man have a heart attack  
It'll open your eyes and stop you in your tracks  
So I threw away my last cigarette  
Get it right this time, I'll clean up my act  
That's a hard cold fact

Some days I feel alright  
Some days I can't wait until it's night  
Some days you gotta face that light  
Get back in the ring, put on your gloves and fight  
I think it's gonna take some time  
To find a way to ease my mind  
I'm gonna take the long way back home  
I'm gonna take the long way back home  
Oh back home

So many things I ain't done yet  
So many things I've done that I'd forget  
I just need a place to rest my head

Some days I feel alright  
Some days I can't wait until it's night  
Some days you gotta face that light  
Get back in the ring, put on your gloves and fight  
I think it's gonna take some time  
To find a way to ease my mind  
I'm gonna take the long way back home

Some days I feel alright  
Some days I can't wait until it's night  
Some days you gotta face that light  
Get back in the ring, put on your gloves and fight  
I think it's gonna take some time  
To find a way to ease my mind  
I'm gonna take the long way back home  
So I'm gonna take the long way back home  
So I'm gonna take the long way back home  
So I'm gonna take the long way back home  
Back home
