

# No One Said It Would Be Easy

Sheryl Crow

It's obvious the trouble we're in  
When your father pulls up in a Mercedes Benz  
He says he just happened to be in the neighborhood  
But before he leaves he slips the landlord the rent  
You say, "It's just a question of eliminating  
obstacles"  
As you throw your dinner out the kitchen door  
You say, "I know how you try"

But honey, let's eat out tonight

No one said it would be easy  
But no one said it'd be this hard  
No one said it would be easy  
No one thought we'd come this far

You can't seem to ever fold up a shirt  
I bring it up and you think I'm a jerk  
But I think we're here to stay  
I can't imagine it any other way

No one said it would be easy  
But no one said it'd be this hard  
No one said it would be easy  
No one thought we'd come this far

Sometimes I wonder who he's picturing  
When he looks at me and smiles

No one said it would be easy  
But no one said it'd be this hard  
No one said it would be easy  
No one thought we'd come this far

Oh, and look we've come this far
