

## Envy

Shihad

Falling - was it right?  
Could you tell me - is it right  
To envy  
Your final escape

Well I spent all year packing on the make-up  
Spent all year waiting for your call  
And when it didn't come  
I was nailed, I was nailed  
And when it didn't come  
It left me standing  
Feet nailed to the floor

How were we  
So out of sight  
How could you think you were below envy  
Was it right?
