

Outta Phase

Shihad

Who got the buzzer
Who got the bell
Who gonna false start
Who gonna tell
Got no possessions
Got no car
Just close my eyes
Gone to far

I don't care when my heads outta phase
I'm prepared to feel just great
I don't care for getting stuck with a life of wasted time

You got my number
I'm on your list
Do me a favour
Stick to the wrist
Don't like that nose job
Don't like her hair
You heard the latest?
Who really cares

I don't care when my heads outta phase
I'm prepared to feel just great
I don't care for getting stuck with a life of wasted time
I prefer walking out of line

The latest offer
You got the time
Why do you bother?
A movement sideways
It's all it takes
Stand back
