

# Rule The World

Shihad

You rise in the morning, a machine  
But something is missing, you will see

Hello, hello is anyone home?  
We're in this together all alone

Get up, get up, you're getting it wrong  
You won't tell the difference til it's gone

And you got nowhere to go  
You just follow where it flows

Don't it break you up?  
Can't feel your empty heart  
Everything you are  
You tear your world apart

You look through the window, just to see  
They cut down the forest for a tree

Hello, hello, is anyone home?  
We're in this together all alone

Get up, get up, you're getting it wrong  
You won't tell the difference til it's gone

And you got nowhere to go  
You just follow where it flows

Don't it break you up?  
Can't feel your empty heart  
Everything you are

Don't it break you up?  
You'll never have enough  
Everything you are  
You tear your world apart

I know you want to rule the world  
But as it goes you can't buy love  
Why's it such a mystery?  
If I can't see you, you can't see me

And you got nowhere to go  
You just follow where it flows

Don't it break you up?  
Can't feel your empty heart  
Everything you are

Don't it break you up?  
You'll never have enough  
Everything you are  
You tear your world apart

You tear your world apart

You tear your world apart
