Dangerous

Shinedown

I could stand behind my barricade Do what I'm told and be afraid to change While isolated by the mainstream With the current up against me

Well maybe if my arms were ten feet tall I could finally reach that crystal ball

'Cause I still find inside There's something braver And I, I won't be, I won't be The silent damnation

I will never be voiceless My weapon of choice is I'd rather be dangerous I won't be left defenseless As God as my witness I'd rather be dangerous Dangerous

I'm not making conversation But I'll state my observations

Well I could buy my faith like a plot in the ground But I was never lost and I never had a doubt

'Cause I still find It's not my imagination And I, I won't be, I won't be The silent damnation

I will never be voiceless My weapon of choice is I'd rather be dangerous I won't be left defenseless As God as my witness I'd rather be dangerous Dangerous

Everybody Is somebody And anybody is you I own my story I won't say sorry And neither should you

I will never be I will never be voiceless My weapon of choice is I'd rather be dangerous I won't be left defenseless As God as my witness I'd rather be dangerous

Everybody Is somebody And anybody is you I will never be voiceless As God as my witness I won't be left defenseless As God as my witness I'd rather be dangerous Dangerous
