

It All Adds Up

Shinedown

Lookie here got 'em all lined up
Same bet ya girls and boys
On their hands and their knees
Slithering through the streets
Programmed to seek and destroy
And it all adds up
And it all adds up

Oh my my, no one's on my side
Too paranoid to listen to me
You can cast me out you can tape my mouth
But you can't get a stone to bleed
And it all adds up
And it all adds up

You know I love it when you say you're afraid
But you hate it when I'm making you shake
Hang the truth from a noose
Put a hit man on the loose
Now you're countin' on me makin' you dead

There ain't no magic bullet
There's no cure for the weak
There's no sympathetic shoulder here to put you to sleep
You're a long, long way from where you thought you would be
Ever murderer has a motive but you ain't killin' me
And it all adds up
Got something to say
It all adds up
Say it

Give me this before I take it back
Been stealin' my shit for years
So kiss my quiet man's spire
Cause you know I'm gonna bring you to tears
And it all adds up
It all adds up

Shake shake shake
Call in all the snakes
Been itchin' for the new paved road
Bang bang bang
Go down the new slang
You can't keep all the money you stole
And it all adds up
And it all adds up

You know I love it when you say you're afraid
But you hate it when I'm making you shake
Hang the truth from a noose
Put a hit man on the loose
Now you're countin' on me makin' you dead

There ain't no magic bullet
There's no cure for the weak
There's no sympathetic shoulder here to put you to sleep
You're a long, long way from where you thought you would be

Ever murderer has a motive but you ain't killin' me
And it all adds up (4x)

There ain't no magic bullet
There's no cure for the weak
There's no sympathetic shoulder here to put you to sleep
You're a long, long way from where you thought you would be
Ever murderer has a motive but you ain't killin' me
And it all adds up [x11]
