SHINee

Yeah! haha SHINee uh! Time machine ride  
Oh-oh, oh oh oh oh oh oh  
Let's go back to the time now  
Hitchhiking Baby

Wait a minute, I wanna start from the beginning back then (OK)  
I want to turn back time, put everything back it its place  
Finding that small crack of time and space that went twisted and distorted (  
here we go)  
Slip in, you and I, keep on rolling

Let's go back to the time, follow that light to the top  
Let's go back to the time, for a moment, everything stop

You and I are in a different world  
Making our tired hearts beat  
Making us chase our driven away dreams baby  
To the infinite space that is spread before us  
Till the day I meet all of you, who has scattered  
Hitchhiking baby

Oh-oh, oh oh oh oh oh oh  
Oh-oh, oh oh oh oh oh oh  
Hitchhiking

Like a wishy-washy and unexpected child  
I don't know where or when I'll take myself  
But one thing for sure is that where I am, you are there too  
Like destiny that has tied us into one

Let's go back to the time, raise the frequency  
Let's go back to the time, till I touch you

Into the world with a hidden dimension  
Open the closed door  
Hold onto the sign in the maze, baby  
The place where the beginning and end meet  
To you, who I'll go back to until always  
Hitchhiking baby

Oh-oh, oh oh oh oh oh oh  
Oh-oh, oh oh oh oh oh oh  
Oh-oh, oh oh oh oh oh oh  
Oh-oh, oh oh oh oh oh oh  
Hitchhiking baby

I know you like it like that We know we like it like that yeah  
We fly high yo huh let's go  
Night vision in the darkness - you are my life's reason  
The planet earth makes my eyes dazzle - four season  
Toward the whirling wormholes, hurry and run  
Go till the end, what you waiting for  
We're going up up up, faster, a little more to the top top top, be sucked in  
Something that will surprise you will happen  
The shiny eyes blink with fluttering excitement

Let's go back to the time, follow that light to the top

Let's go back to the time, for a moment, everything stop

You and I are in a different world  
Making our tired hearts beat  
Making us chase our driven away dreams baby  
To the infinite space that is spread before us  
Till the day I meet all of you, who has scattered  
Hitchhiking baby

Into the world with a hidden dimension  
Open the closed door  
Hold onto the sign in the maze, baby  
The place where the beginning and end meet  
To you, who I'll go back to until always  
Hitchhiking baby

Oh-oh, oh oh oh oh oh oh (Time machine ride)
