

Runaway

SHINee

Now let's take off, let's fly to Neverland
Even if time is not on our sides, it's OK
There's only one life to live so before it's too late
Hold my hand

Cause it's going down tonight
Into the awesome future, let's ride
Close your eyes and count (3, 2, 1)
Shall we fly?

Hey, love! Let's run away!
Let's go even if we don't have a destination
If only you're by my side
I can go anywhere in the world, whenever - alright
Hey, love! Let's run away!
Never let go of this hand
With a sweet imagination
Into the awesome world where there are free dreams

Here we go, everyone put your hands up - disco
Today, no matter what anyone says, we're heroes
Our prayers are standing on the crossroads of life
Evils? Hell no - don't hesitate

It's going down tonight
Don't be scared and just fly
On the count of three, open your eyes (3, 2, 1)
Welcome to our world

Hey, love! Let's run away!
Let's go even if we don't have a destination
If only you're by my side
I can go anywhere in the world, whenever - alright
Hey, love! Let's run away!
Never let go of this hand
With a sweet imagination
Into the awesome world where there are free dreams

When you become an adult, you'll be in an unknown country of reality
Let's run run away
Shut down your thoughts and open your heart
The moment of love will never change

Hey, love! Let's run away
Let's go even if we don't have a destination
If only you're by my side
(Oh let's run run away
Oh just stay by my side
Now take up baby let's go)
Hey, love! Let's run away!
Never let go of this hand
With sweet imaginations
Where there are free dreams
(Baby oh let's run run away
Oh never let go of this hand)
To the awesome future
