

Mercy

Shiny Toy Guns

Hiding from the day,
We run away
Falling so we understand
Understand

Fear coming from the minds of men
Mercy won't belong to them
Mercy, raise your cry again
Understand.

Ohh, don't let me down
The night's your home
Ohh, love won't let you down
Only the night will take you home
We're never gonna die!

Mercy sent a miracle
The nights will take us home
Mercy sent a miracle
The nights, the nights
Ohhhhhhhhhhh!

Mercy, leave your shelter in the sky
And never die.
