

# Take Me Back to Where I Was

Shiny Toy Guns

Moving forward  
Far away from your wing.  
Holding onto what?  
Replace the better side of me.

Always second guessing  
Steering clear of your cross  
Makes it easier for me  
To accept what I have lost

I don't need your secret place  
I've found a better one  
Thinking of no one else  
Led me to this  
Help me through this

Just take me back to where I was  
Just take me back to where I was

Erase this state of mind.  
Help me get back what's mine,  
Face down with hands against the wall  
Please take what I've had to hide  
Start me over from the start  
Reshape my heart tonight  
I was thinking of someone else  
When you noticed  
And I'm sorry for this

Just take me back to where I was  
Just take me back to where I was

When I was thinking of no one else in our moments  
That I'll never forget.
