Turned to Real Life

Shiny Toy Guns

Eyes are magic See right through me Makes me feel like A girl in a fantasy Turned to real life Stars in the morning Makes me feel like A girl in a fantasy Turned to real life...

Now i'm glowing Like a sunset In the window Of my dreams That turned to real life I'll never forget when For the first time A girl in a fantasy Turned to real life

[Chorus] Makes me feel like A girl in a fantasy Turned to real life I'm a believer For the first time I can be beautiful A girl in a fantasy Turned to real life

Your fingers running Over my body Makes me feel like A silver angel Under the moonlight Right beside me Makes me feel like A girl in a fantasy Turned to real life...

[Chorus]x3
