

# Can I Touch You There?

Shirley Bassey

Baby, show me what you feel  
Come to me, show me somethin' real  
I need to know, I need you completely  
Come on closer  
Our Love is taking over, gotta let it in

And I need to feel the heart of you  
I need to reach the very deepest part of you

Can I touch you there, touch you deep inside?  
Can I touch your heart, the way  
You're touching mine?  
Can I touch you there, touch you deep within?  
Can I touch you there?  
Can I touch you there?

Baby, tell me with your eyes  
Tell me every secret  
Every deep desire  
Till you and I, are making love completely

Come on closer  
Can't help the way I hold you  
Just hunger for your love

And I need to feel the heart of you  
I Need to reach the very deepest part of you

Can I touch you there, touch you deep inside?  
Can I touch your heart, the way  
You're touching mine?  
Can I touch you there, touch you deep within?  
Can I touch you there?  
Can I touch you there?

And I need to feel the heart of you  
I've need to reach the very deepest part of you  
Let me be the one to show you just what love can do

Can I touch you there, touch you deep inside?  
Can I touch your heart, the way  
You're touching mine?  
Can I touch you there, touch you deep within?  
Can I touch you there?  
Can I touch you there?
