

Everything That Touches You

Shirley Bassey

You say you're all alone
With visions all your own
The thing you feel nobody feels the same
But you, you know me you know what I've been through

Everything that touches me
And everything that touches me
Everything that touches me
Touches you

Friends along the road
May lighten up your load
By saying what they think you really want to hear
But I'll only tell you what I feel is true
'Cause everything that touches me
A everything that touches me,
Everything that touches me Touches you

Share 'cause I can't take you there
Unless I know a part of what you're thinking
Care, cause it's only fare
And darling can't you feel my heart is breaking
My heart is breaking

Everything that touches me
Everything that touches me
Everything that touches me, touches you

Everything that touches me
Everything that touches me
Everything that touches me, touches you

Everything that touches me
Everything that touches me
Everything that touches me, touches you
