

# I Can't Get You Out of My Mind

**Shirley Bassey**

Though I have tried to play make-believe  
I find I can't deceive my lonely heart  
Though I have tried to escape the past  
I guess I know at last  
Your love is part of me

Though I have seen new faces  
Been to romantic places  
I still feel lost when you're not around  
In fact I can't get you out of my mind

Though I have seen new faces  
Been to romantic places  
I still feel lost when you're not around  
In fact I can't get you out of my mind
