Shirley Bassey

I saw the danger the day we met her  
No passing stranger who could forget her  
Their glance was fleeting  
But told a story  
And that chance meeting  
Meant heartaches for me

Natalie, Natalie  
You are young  
You are free  
You don't love him  
And it could never be  
He is all I live for  
Please send him back to me

I'll understand him  
I know his feelings  
He's only human  
He thinks he loves you  
I tried to hate you  
And wish you bad things  
O god forgive me  
And love her sad thing

Natalie, Natalie  
You are young  
You are free  
You don't love him  
And it could never be  
He is all I live for  
Please send him back to me

Natalie, Natalie  
You are young  
You are free  
You don't love him  
And it could never be  
He is all I live for  
Please send him back to me

Natalie, Natalie  
You are young  
You are free  
You don't love him  
And it could never be  
He is all I live for  
Send him back to me.....
