Surrender

Shola Ama

Surrender your love I know that if I take you home You'll surrender your love baby Surrender your love Won't be the last time that I take you home Cause you can't get enough baby So surrender your love

In my eyes it's you and me You're the only man I need Say you'll be there for me for all eternity Boy you can't resist my love Cause you can't get enough gotta be what I want

Dreaming of you and me You're my all and everything Just when I thought I'd be so close I'd never see came along and captured me Baby I just can't believe what it is you do to me

You go my way Gotta have you in my life boy every day I need you to stay And I know for sure that you'd feel the same

Chorus

I know that if I take you home Baby I can make you moan Cause you never had no one Who can really turn you on Why you gotta wait so long Just to find where we belong Now we wanna be alone

Dreaming of you and me You're my all and everything Just when I thought I'd be So close and never see Came along and captured me Baby I just can't believe What it is you do to me

Chorus x 2

Dreaming of you and me The only man for me You know I can't wait to get you home Baby I never want to let you go away
