

I Crave You

Shontelle

Mmmmmmm wooco yea yea

Traveling down this rocky road
So hard to do it all alone
So I really need you
To help me to move along
All my sunshine's gone away
All my blue skies turning gray
It's like the ocean's all dried up and empty (empty)
So I really hope you understand
All the reasons why I can't pretend
That I don't need your love
And I can't ever break the chains

I crave you, I breathe you, I taste you
I see you in my dreams
I'll never replace you, escape you, crazy as it seems
You said you'll never go any where
But every time I look around boy you gonna dissappear
Still I cry still I try to save you
Baby boy I crave you (crave you)
Don't you know I love you
Don't you know I love you

So I see the sun rise
The tears falling from my eyes
Longing for you baby
And it makes my world so crazy
Oh now the pain is killing me, baby can't you save me
Won't you come, come to me, to me
Cause you got me trapped inside and now I can't escape
I'm scarred so deeply and now I can't erase the pain

Boy text me for a while
Why you coming at me
It brings so much struggle and I strive
Karma brings so much pain ain't I'm in lie
Me sing still
You said you would'a never hurt me, never lie
And I never wanna splurt from in and I'm in lie
Still you only come and ah-use me (and ah-use me)
And it breaks me hard still you abuse me (you abuse me)
You got me hanging like a puppet from a string
You was the only ting I take control and I'm in lie
So why you coming at me ups 'n moving
You gonna turn me like some kinda Ara movie
What kind of thing you bring to all me suffering,
And still me wanna sing
Do anything to obviou
Me sing, me sing -me really, really, really love you

Ohhhhhh
Don't You know I love you
I'm begging you please don't leave me no no
