## **Southern Comfort**

Take me home

Well, I came to Cali on a highway from Nashville It's all a gamble for the fortune and fame My education came from reading the road signs Just another fool who got lost in the game

And I'm going back again 'Cause it's blowing in the wind That's carryin' me home

Oh, southern comfort Don't leave me low Oh, southern comfort Keeps calling me home Yeah

And all these actors, man, they're living in castles And with the earthquakes they'll sink in the sea Who makes a living off of heartbreaks and hassles? And scientologists make no sense to me

So I'm going back again 'Cause it's blowing like the wind That's carryin' me home

Oh, southern comfort Don't leave me low Oh, southern comfort Keeps calling me home

Oh, southern comfort Don't leave me low Oh, southern comfort Keeps calling me home

Oh, southern comfort Don't leave me low Oh, southern comfort Keeps calling me home

Oh, southern comfort Don't leave me low Oh, southern comfort Keeps calling me home

Oh, southern comfort Don't leave me low Oh, southern comfort Keeps calling me home

C'mon take me home
