I'm in and out of town
It's bout to go down
26's on my Chevy
And they spinnin round n round
I be roooooooooollin
I be rollin
I be rollin
I be roooooooooollin

Girl I be rollin through the city
In a 'lac on 24's
Or in a all white Lamborgini
Hate the car but love the doors
Aye on that motorcycle rider
On that Mazarrati driver
Got the CL with the V12
Just because I like the power

Got me a tan scraw hat
My shades be black
Got the pedal to the floor
And my seat leaned back
In a brand new car
Cause I know I'm goin far
Got the jewels around my neck
Plus I'm lookin like a star

I gotta keep me a girl
Who'll blow me like a flute
You might see me in yo city
In a brand new Bentley Coupe
Lookin cool as a fan
My tool in my hand
When I'm rollin
Heyy when I'm rollin
Yeaaaah

I'm in and out of town
It's bout to go down
26's on my Chevy
And they spinnin round n round
I be roooooooooollin
I be rolllin
Hey I be rollin
I be rollin
Hey rollin
Hey
I be rollin

I can't go wrong
When I'm stuck off in my zone
Betta do what you gon do
Cause I won't be with you long
I be roooooooooollin
I be rollin
Hey I be rollin
I be roooooooooollin

I be rollin Hey I be rollin

I'm flyin through the city
Got a bad chick with me
My car supa clean
And my rims keep spinnin
Everybody on my side
And ain't nobody gon against me
I'm rollin rollin
On my way to Mississippi
(Quit lyin)
