Oh,  
It's twelve o'clock on a Saturday night,  
And he's watching her dance,  
Under the city lights,

She said loves a bitch,  
He said loves a war,  
And you're coming home with me tonight,  
So baby what you waiting for,

Baby what you waiting for?  
Tell me what you're waiting for,  
You're coming home with me tonight,  
So meet me on the dance floor,

Bang Bang Sexy,  
You won't forget me,  
Bang Bang Sexy,  
Won't forget you,  
Bang Bang Sexy,  
You won't forget me,  
Everybody wants to be like you,

He thinks of him with electric love,  
And he's never gonna stop,  
He's having too much fun,

Took her to the streets,  
They were on a run,  
But our generation doesn't care,  
So put your, put your hands up,

Baby what you waiting for?  
What the hell you waiting for?  
You're coming home with me tonight,  
But first I gotta say you're,

Bang Bang Sexy,  
You won't forget me,  
Bang Bang Sexy,  
Won't forget you,  
Bang Bang Sexy,  
You won't forget me,  
Everybody wants to be like you,

Wants to be like you,  
I wanna be like you,  
Wants to be like you,  
Wants to be like,
