

# Darling, I'll Be Your Werewolf

Short Stack

Today I went,  
To speak to god,  
But the sky was empty,  
And the clouds fell down around me and you,  
As we stood,  
Hand in hand,  
I hope you invent me,  
A sea of love in which to drown me and you,

We're going to hell,  
Just because we're Werewolves,  
We're werewolves,  
Aho, aho, aho,  
My love its quite a thrill,  
Darling, I'll be your werewolf,  
Your werewolf,  
Aho, aho, aho

So little miss,  
Imagine this,  
We're entwined and hopeless,  
And the world turns upside down,  
Without you,  
We're going to hell,  
Just because we're Werewolves,  
We're werewolves,  
Aho, aho, aho,  
My love its quite a thrill,  
Darling, I'll be your werewolf,  
Your werewolf,  
Aho, aho, aho

It's eleven fifty seven,  
She tastes so sweet,  
And I want more,  
Just a second,  
Lay in heaven,  
As my heart,  
Hit, hit, hits the floor,

So,  
We're going to hell,  
Just because we're Werewolves,  
We're werewolves,  
Aho, aho, aho,  
My love its quite a thrill,  
Darling, I'll be your werewolf,  
Your werewolf,  
Aho, aho, aho
