

# Goodbye

## Short Stack

You know,  
You've been,  
My beauty queen;  
I loved you since  
I was fifteen;  
Now that's all gone

And every time,  
We hit those lights,  
I swear,  
The feeling's gone,  
The rush is dead;  
And I can't do this anymore

But I guess you orta know,  
When I'm out here in the dark,  
I can make it on my own,  
Like I should've from the start;  
Oh no,  
I know,  
It's time to say goodbye

(It's time,  
It's time,  
To say...)

I wrote,  
Our lives,  
Upon,  
The charts and stars;  
They gave you,  
Made you,  
What you are;  
Now you can have them,  
As we're done

And I'm sure one day,  
When I'm older;  
I'll regret  
This one disclosure;  
But I don't want to start a war

But I guess you orta know,  
I was lost but now I'm found,  
Like a queen without a throne,  
Like a king without his crown;  
Oh no,  
I know,  
This ship is going down

(It's time,  
It's time,  
To say goodbye)x4
