

# Love Drug

## Short Stack

I don't wanna go home,  
I just wanna keep you dancing;  
Cause girl I'm in love with you,  
Tonight, tonight, tonight

And the signs on the wall,  
Say there's no second chancing;  
I screamed at the top of my lungs,  
Tonight, tonight, tonight

When I said,  
(My dear,  
Your lips are;)

My dear,  
Your lips are,  
Nothing more than an  
Undiscovered universe of multi-coloured love drugs,  
Undiscovered universe of multi-coloured love drugs,

Multi-coloured love drugs

I wanna go home,  
Imma drive us to Vegas;  
Although it's a world away,  
Tonight, tonight, tonight

And I can't fight my heart,  
Cause it's sheer aggravation;  
I swear you're as hot as those suns,  
Tonight, tonight, tonight

(My dear,  
Your lips are;)

My dear,  
Your lips are,  
Nothing more than an  
Undiscovered universe of multi-coloured love drugs,
