

I Come In Peace

Shotgun Messiah

I'm the fire
I will cleanse your soul, I'll pick your bones
I'm the liar
I will be your guide in the dark unknown
I'm the thief
I'm a death machine out of hate conceived
I am grief
I'm thousandfold, I defy belief

you got what you wanted
you got what you need
I am the ultimate law

I come in peace

you got what you wanted
you got what you need
I am the ultimate law

I come in peace
I come in peace

I am hate
I'm the hurt you feel, I'm the pain within
I am fate
I'm eternal lies, I'm the king of sin

you got what you wanted
you got what you need
I am the ultimate law

I come in peace
I come in peace

I'm a death machine, I'm thousandfold, I defy belief
I come in peace
I come in peace
I come in peace

I come in peace
I'm a death machine, I'm thousandfold, I defy belief
I come in peace

I come in peace
I come in peace

I come in peace
I'm a death machine, I'm thousandfold, I defy belief
I come in peace

I come in peace
