

I'm A Gun

Shotgun Messiah

I'm a runaway missile, you're my guiding light
Oh honey, you can make me detonate
I'm the copulation of the new salvation
I am heroin, an cyanide

I'm a thorn in the side of your alibi
I'm a technicolor nightmare ride
I'm a repossession of a blind obsession
I'm a chainsaw stuck in overdrive

Let's start a fire
Let's walk the wire
Hell, yeah

I'm a gun, I'm second to none
I'm a gun, I'm second to none
I'm a gun

I'm a torture chamber, I'm the perfect stranger
I'm the meltdown at the nuclear plant
I'm a.357 on my way to heaven
I'm a freight train running out of track

Let's start a fire
Let's walk the wire
Hell, yeah

I'm a gun, I'm second to none
I'm a gun, I'm second to none
I'm a gun

I'm a gun, I'm second to none
I'm a gun, I'm second to none
I'm a gun

I ain't afraid of dying
I ain't got spit to lose
I'm gonna make the headlines
I'm gonna make the late night news
Wop-bop-a-loo-bop, baby, don't you step on my blue suede shoes

I'm the degradation of the constellation
I'm unwritten laws in black and white
I'm a silicone chip on a powertrip
I'm an overload of megabyte

Let's start a fire
Let's walk the wire
Watch me bleeding, holy gasoline

I'm a gun, I'm second to none
I'm a gun, I'm second to none
I'm a gun

I'm a gun, I'm second to none
I'm a gun, I'm second to none
I'm a gun

I'm a gun, I'm second to none
I'm a gun, I'm second to none
I'm a gun
