

Rain

Shotgun Messiah

so much for your attitude
push comes shove, you let me down, yeah
always had a lot to prove
always running out of bounds, yeah

I'll take you down

rain
another rain to wash away this blood
Cain
my brother, I always thought you understood
rain
another rain to wash away this blood
rain
rain
rain

chew you up and spit you out
leave you on your goddamn knees, yeah
four long years of killing drought
now I'm bringing on the sea, yeah

I'll take you down

rain
another rain to wash away this blood
Cain
my brother, I always thought you understood
rain
another rain to wash away this blood
rain
rain
rain

rain
another rain to wash away this blood
Cain
my brother, I always thought you understood
rain
another rain to wash away this blood
rain
rain
rain

rain
another rain to wash away this blood
Cain
my brother, I always thought you understood
rain
another rain to wash away this blood
rain
rain
