

Fall Hard

Shout Out Louds

Gimme a second to tell you
Gimme
To smoke a Belgian cigarette

I know is not forever
Is not god to star
Next to a European monument
Driving a joy on the ground highway

If you fall hard,
I fall harder if you fall hard,
I fall harder
If you gonna break your sneak break
I pick up the pictures and mistakes

Gimme a secret and I tell you
I need memories to see for others
And I know is not for ever is no go to start to

If you fall hard,
I fall harder if you fall hard,
I fall harder if you gonna break your sneak break
I pick up the pictures and mistakes

Fall in love to postcard,
Fall in love moving card from your town if you fall hard,
I fall harder if you fall hard,
I fall harder if you gonna break your sneak break
I pick up the pictures and mistakes
