

Go Sadness

Shout Out Louds

I'm in a golden age
A great calendar page
I spotted the right time
The future is mine

I got the greatest dog
The best of them all
I love my brother
He's on my wall

Bye bye car keys
Hello sparkles and flies
I keep them
They're mine

I saw the brightest light
It was the most wonderful sight
And I spotted the right time
The future is mine

Bye bye car keys
Hello sparkles and flies
I keep them
They're mine

Bye bye car keys
Hello sparkles and flies
I keep them
They're mine
The sparkles and flies
I keep them
They're mine
