

My Friend And The Ink On His Fingers

Shout Out Louds

Do I Believe in this
Or is this the only way to get around in my life
Do I deserve this
No, you deserve much better in your life
In your life

Thinking of you
Thinking of you
So what can I do when I'm thinking of you

Did you stay up all night
Or did you hide it all away
To make us think
Is this what I think it is
It's the ink on your fingers that makes you sick
What do you think?

Thinking of you
Thinking of you
So what can I do when I'm thinking of you
Is it all true
Is it all true
So what can I do when I'm thinking of you
Thinking of you

Do I believe in this
Or is this the only way to get around in my life
Do I deserve this
No, no you deserve much better in your life
In your life

Thinking of you
Thinking of you
So what can I do when I'm thinking of you
Is it all true
Is it all true
So what can I do when I'm thinking of you
Thinking of you
