## **Tonight I Have To Leave It**

## **Shout Out Louds**

Don't you come up to me and say you like it It's better if you say you hate it, that's the truth exactly When we go out dancing I don't want to be bothered Just want to be bothered with real love

So I heard it's no good to run But it feels so much better now that it's done And tonight I have to leave it Yes, tonight I have to leave it

So, so I heard you know how to write it Does it mean you're good at putting things on paper? Rumors say that you're very sorry Oh no, you're not sorry, no, you're not

So I heard it's no good to run But it feels so much better now that it's done And tonight I have to leave it Yes, tonight I have to leave it

Yes, tonight I have to leave it Yes, tonight I have to Yes, tonight I have to leave it

Give love, give love Why won't you give love, give love? Why don't you give love, give love, give love? Why won't you give love, give love, give love?

Yes, tonight I have to Oh yes, tonight I have to leave it Yes, tonight I have to Yes, tonight I have to Yes, tonight I have to leave it
