

Cool Cool Cat

Showaddywaddy

I'm a cool cool cat in the flat
I don't want no woman to make my bed
I know where to go where it's at
If I'm feeling real low
I just paint the town red
If she knocks on the door
I won't answer
If she wants me so bad
then just ring
If she's feeling real low
I'll take in a show
But that doesn't mean anything

I'm a cool cool cat in the flat
I don't want no woman to answer me
I know where to go where it's at
If I'm feeling real low
I'll switch on the TV
If she knocks on the door
I won't answer
If she wants me so bad
then just ring
If she's feeling real low
I'll take in a show
But that doesn't mean anything

If she knocks on the door
I won't answer
If she wants me so bad
then just ring
If she's feeling real low
I'll take in a show
But that doesn't mean anything

He's a cool cool cat in the flat
He don't want no woman to make his bed
He knows where to go where it's at
If he's feeling real low
he'll just paint the town red
If she knocks on the door
he won't answer
If she wants him so bad
then just ring
If she's feeling real low
he'll take in a show
But that doesn't mean anything
