

## Cool Cool Cat

Showaddywaddy

I'm a cool cool cat in the flat  
I don't want no woman to make my bed  
I know where to go where it's at  
If I'm feeling real low  
I just paint the town red  
If she knocks on the door  
I won't answer  
If she wants me so bad  
then just ring  
If she's feeling real low  
I'll take in a show  
But that doesn't mean anything

I'm a cool cool cat in the flat  
I don't want no woman to answer me  
I know where to go where it's at  
If I'm feeling real low  
I'll switch on the TV  
If she knocks on the door  
I won't answer  
If she wants me so bad  
then just ring  
If she's feeling real low  
I'll take in a show  
But that doesn't mean anything

He's a cool cool cat in the flat  
He don't want no woman to make his bed  
He knows where to go where it's at

he'll just paint the town red  
If she knocks on the door  
he won't answer  
If she wants him so bad
