

Swansong

Showaddywaddy

Tonight's the night
I'll get stage fright
For the last time I pray
it will be the night of nights
'Cos I won't lack zest
I'll give my best
And show the magic's still there as I sing
over and over
Na na na na na na na na na na

I'll open strong
with my hit song
It was all just a dream
when it made me a star
But it's sad to say, I'll fade away
Before an empty hall I'll make my bow
Just a has-been my image wore thin
I'll just sing on this dying swansong
Na na na na na na na na na na
Na na na na na na na na na na

The fan-fayre blows, oh well here goes
As I hear my first chord
I can feel something strange
But the feeling's good, it warms my blood
The lights go on I can't believe my eyes
Na na na na na na na na na na
I see people, thousands of people
They're all cheering, they're all singing
Na na na na na na na na na na
Na na na na na na na na na na
Na na na na na na na na na na
