

## Teen Canteen

Showaddywaddy

You wanna go dancin' on a Saturday night  
I know a place that's way outta sight  
Rock'n'roll bar, 66  
With a rockabilly band  
and some real cool chicks  
You better believe it boy.

You don't need a dollar  
you don't need a dime  
Get along down have a swinging time  
Put on your sneakers and real tight pants  
And let yourself go to that rockabilly band.

Teen canteen, it's the place to be seen  
Teen canteen, the real American dream.

Down 66, about a four hour drive  
You'll see the wheels, the place is alive  
Jet black soul and country rock  
When that music stops it never stops.

You ever get down that western coast  
You know the place  
you wanna be at most  
Paint your hair and paint your jeans  
'Cause there ain't no place  
like teen canteen.

Teen canteen, it's the place to be seen  
Teen canteen, the real American dream.
