

Weekend

Showaddywaddy

Friday night
and everything's right on the weekend
Crazy clothes
and anything goes on the weekend
John called Ann and Jim got Sue
I made a date with a-little old you
Off we went to make a big date
on the weekend

Boy it's great
just a-staying out late on the weekend
Nothin'll spoil it
like it or not on the weekend
Took the road to look out hill
The view up there is sure a thrill
What a night for holding you tight
on the weekend

There we were just sitting
cool and cozy
I just had time to steal a little kiss
A police with a flashlight
bright and nosey
Said
"holy mackerel there what is all this"

That was all we had a big ball
on the weekend
Took a chance on crashing a dance
on the weekend
We were almost inside of the place
When somebody slammed the door
in my face
Hey you guys you gotta wear ties
on the weekend

There we were just sitting
cool and cozy
I just had time to steal a little kiss
A police with a flashlight
bright and nosey
Said
"holy mackerel there what is all this"

No harm done just a-having some fun
on the weekend
Took a chance on crashing a dance
on the weekend
We were almost inside of the place
When somebody slammed the door
in my face
Hey you guys you gotta wear ties
on the weekend

No harm done just a-having some fun
on the weekend
That was all we had a big ball

on the weekend
