A certain someone must be out there, waiting for a guy like me A certain girl who will be my best friend, and think about me c onstantly

I'm searching for someone, who will always be with me I'm searching for someone, girl I think of you constantly Maybe it's you

I hope it's you

It's gotta be you

A certain someone must be saying I will meet my love someday It's the same girl that I still dream of, and I don't even know her name

In my head I can see the shadows form before my eyes and In my head I can see love taking up a new disguise and In my head I can see myself alone without the truth and In my head I can also see my happiness in you- yeah Maybe it's you I hope it's you It's gotta be you
