

Mercy Dash

Shriekback

Are you ready
Ready for this
Are you ready for a show of devotion

Are you ready
Ready for this
Are you ready for a show of devotion

Don't go drinking that dirty water
Don't go swimming in the bay today
Don't do nothing without looking first - say
Where's your coat when the sky's so grey?

Are you ready ready
Ready for this anytime
Are you ready for a show of devotion? I'm ready

Are you ready ready
Ready for this anytime
Are you ready for a show of devotion? would you move

Will you move would you
Move now come on
Just move in the spirit of the motion I know
I know you can 'cos you
You move me I know
I nearly die in the pleasure of the motion oh

Are you ready ready
Ready for this anytime
Are you ready for a shock of emotion? I'm ready
Are you ready ready
Ready for this anytime
Are you ready for a shock of emotion? would you

Don't go using that language
Don't go driving that car so fast
Don't do nothing without looking first - say
Where's your cash and your credit cards?

Are you ready ready
Ready for this anytime
Are you ready for a show of devotion? I'm ready
Are you ready ready
Ready for this anytime
Are you ready for a show of devotion? would you move

Will you move would you
Move now come on
Just move for the spirit of the motion I know
I know you can 'cos you
You move me you know
I nearly die in the pleasure of the motion oh

I'm getting thinner - I need cash - I'm queuing now for
the mercy dash...
I'm getting thinner - I need cash - I'm queuing now for

the mercy dash...

I'm getting thinner - I need cash - I'm queuing now for
the mercy dash...

I'm getting thinner - I need cash - I'm queuing now for
the mercy dash...

Are you ready ready

Ready for this anytime

Are you ready for a show of devotion? I'm ready

Are you ready ready

Ready for this anytime

Are you ready for a show of devotion? would you move

Will you move would you

Move now come on

Just move in the spirit of the motion I know

I know you can 'cos you

You move me come on

I nearly die in the pleasure of the motion oh
