

## Sway

## Shriekback

low and they go  
In and out of a grey zone  
They lean on the law and it bites back

No sway  
This way  
No sway  
This way

Plessey business is no messy business  
Just takes 'em over and sub-divides  
Clean as a q-tip as quiet as nylon  
One more hand then you got eyes on

Sway  
Their way  
Hold sway  
This way

Boldly embracing the TV  
Talking a mile to the minute  
Charge 'em with trading the car keys  
Just watch 'em try and deny it  
We're at the centre of all this  
Enjoying the sight and the salt taste  
Pulling the party to pieces  
Culling the last of the species

Sway this way and it makes sense  
Not super-analytical and hyper-tense  
You never get to celebrate undergoing therapy  
Try and make the chemistry somethin' that it ain't

Go sway  
This way  
Sway  
This way

Sway  
This way  
Sway  
This Way
