

Scared of flying but I'll fly for you
Scared of dying but I'm dying to see you
And I don't know you yet, I'm insecure
Be my woman, babe, and I'll be yours

I read it in a Bible when I was just a kid
I didn't understand it, does anyone, anyone think
A virgin had a baby, it's crazy, d'ya hate me?

Just because I am in love
I text you too much
I guess I should stop
But I am in love with you

Scared of fighting but I'll fight for you
Sitting in a different city wishing you were sipping with me

I read it in a Bible when I was just a kid
I didn't understand it, does anyone, anyone think
A virgin had a baby, it's crazy, d'ya hate me?

Just because I am in love
I text you too much
I guess I should stop
But I am in love with you

You know I got you babe
You know, you know I got you

I'm scared of flying
I'm scared of dying
I'm scared of flying
I'm scared of dying

I'm scared of flying
I'm scared of dying
I'm scared of flying
I'm scared of dying

I'm scared of flying
I'm scared of dying
