

Met an old man
Told me 'bout a past life
Told him I was leavin' tomorrow

Then he sat down
Said he had a wife once
Now he's got a new love in Texas

Does she know that I'm driving
Across America?
Dining with somebody new
Someone I met
Before I married her

I'm in heaven without you but
Just take your time
I'll be alright

I'm in heaven without you but
Just take your time
I'll be alright (nah, nah)

In this town
Tommy goes dancin'
Movin' like a young man 'til midnight

Over ice cream
Told me 'bout his dream
Said his wife came back to tell him

Yes I know that you're driving
Across America
Dining with somebody new
Someone you met
Before they married us

I'm in heaven without you but
Just take your time
I'll be alright

I'm in heaven without you but
Just take your time
I'll be alright (nah, nah)
