

## Love Letter

Shwayze

(This is what you call real puppy love)  
Baby I'm not usually a shy dude  
And I know that we ain't in high school  
No more  
It's just a little something that I wrote  
(A love letter just a little love letter)  
Saying hey girl I know you don't know me  
But maybe we could chill sometime  
Drink a little wine  
You'll find  
Everything you need is right in front of your eyes  
Got me singing hey girl I know you don't know me  
And I betcha get this all the time  
But I can't lie  
Every time you leave I wanna press rewind  
Say hey hey hey  
I love you  
(Chica chica chica)  
Hey hey hey  
I love you

See what I was really trying to say was well um

L-O-V-E is a four letter word  
She got me looking for a better herb  
Cause she getting highest  
Higher than the clouds  
On my flight to LA and I'm looking for the flyest  
If love is a drug I just want to try it  
One hit of her lips is like a coke diet  
Can't eat, can't sleep  
I can't sign this what I feel so deep  
And my heart beats for her  
And she don't want me  
But all I need is time and time is money  
And I'm a grown man just trying to be funny  
But I guess this is about money  
And cars, so I close my tab at the bar  
So I close my tab at the bar  
And just then she walked in  
I had to to tell her

Baby I'm not usually a shy dude  
And I know that we ain't in high school  
No more  
It's just a little something that I wrote  
(A love letter just a little love letter)

She's a saint I'm a sinner  
She wanna drink wine, I got a vineyard  
I'm straight but a little off centered  
And it would mean the world if you wanted to enter  
I let ya up inside my she could ride my (step)  
Lady Gaga (oh) Shenana  
I'm feeling good but I need her love  
Cause when it all adds up  
(Chica chica chica)  
A plus  
And that's real, I'll pay for the meal  
But you can do dessert, I'm lookin at your shirt,  
I'm lookin at your skirt, we don't need to flirt  
Baby tell me the direction to pick you up from work  
(Chica chica chica)  
I'm just a regular guy  
Who's getting paid  
Every single day, dancing in the rain  
Bitch I'm on and I want you  
I even wrote this song just to flaunt you  
I love you
