

Make A Lil' Love

Shwayze

Turn out the light. Lock the door
We can make a little love, then make a little more
And tonight, baby I'm yours
We can make a little love, then make a little more

Little miss, can I steal the kiss
And put it in a bottle with a lemon twist
Pop the cap, and sip it slow
It goes a little something like this

I wanna see your glow
Don't wanna leave tomorrow
You blew in like the wind in Chicago
Sippin on silver shots of Milagro
Guess what Los Angeles dove
Thinkin' 'bout your body got the kid all messed up
Fessed up to the crime of this love
I just wouldn't feel right if I left ya
I wish I knew how to say, I really want you to stay

Turn out the light, lock the door
We can make a little love, then make a little more
And tonight, baby I'm yours
We can make a little love, let's make a little love

Yeah, uh
Click, click take a picture of it
You and I like a mixture of it
Sex and love, put it in a cup
And when I drink, I drink to get drunk
Lights out, who'd I think I was'
Peach fuzz, I'm a sucker like a leech 'cause
Beg you the keys like Alicia
You my modern day Mona Lisa
I wanna hug ya, I wanna squeeze ya

Keep you up all night like the beasta
And when I leave ya, I wanna need ya
I wanna feel ya in my bones like fever
One hundred and three degrees of heat
Got my heart skippin' beats when I see ya
Walkin' down the street, walkin' down the street

Turn out the light, lock the door
We can make a little love, then make a little more
And tonight, baby I'm yours
We can make a little love, then make a little more

[illegible]

Let's make love when it's pourin' outside
Let's make love when it's war outside
Let's make love just because
The people of the world don't make enough of it
And when this song is on bump it
Leap for love like you long jumpin'
Keep it up 'cause we all strugglin'
All you need is

Turn out the light, lock the door
We can make a little love, then make a little more
And tonight, baby I'm yours
We can make a little love

Turn out the light, lock the door
We can make a little love, then make a little more
And tonight, baby I'm yours
We can make a little love, then make a little more
