

# You Could Be My Girl

Shwayze

Hey Yo Cisco  
Lets take em on a trip  
Like we had a party and put shrooms in the dip  
now I'm tripping  
and girl won't listen  
when I tell her that I love her and  
I really really miss her  
Lets do it  
Like we never did before  
Lllllet's  
just lose control  
I know you know what I know  
Lllllet's  
just lose control  
I've been drinkin  
but I feel fine  
I've been thinkin  
you should be mine  
for the weekend  
or a long time  
baby you could you could be my girl  
you could be my girl  
you could be my GIRL  
and I could be your man  
(you could be my)  
you make my heartbeat stop like a beatbox  
I try to pump it back up like some Reeboks  
if love is a drug I need a detox  
cuz you get me higher than the treetops  
and i can see it all from here  
got my head up in the clouds but its all so clear  
hear my dear, take a look in the mirror  
you're lookin at the reason I'm a killer this year  
I've been drinkin  
but I feel fine  
I've been thinking  
you should be mine  
for the weekend  
or a long time  
baby you could you could be my  
GIRL  
you could be my girl  
you could be my GIRL and I could be your man  
(you could be my)  
will you be my senorita  
real drunk love margarita  
take a long walk by the seaside  
working real hard for you to be my  
you could be sunray on a summer day  
you could be my sea spray  
take my breath away  
you could be everything girl  
everything  
and I could be your everything girl everything (everything)

I've been drinkin  
but I feel fine

I've been thinking  
you should be mine  
for the weekend  
or a long time  
baby you could you could be my  
GIRL  
you could be my girl  
you could be my GIRL and I could be your man  
(you could be my)
