You do your life away
Do your life away
Just ask the day when you do your life away
They took your life away,took your life away
Man I hope,I pray ,this bitch won't take my life away

You do your life away
Do your life away
Just ask the day when you do your life away
They took your life away,took your life away
Man I hope,I pray ,this bitch won't take my life away

But I don't feel my pain
Fuck your bling-bling,all my boys are on chains
Every single one of them '
Nigga buy and buy,we don't fucking'
Who started ,started with a tough attack
That's why we never used to rest
You say there are only '
You know that is not true
Until I come and tuck you
Someone gonna clap you
I don't fuck with no one
No,I'm wondering on the streets
All I'm doing is talking about myself
But nobody don't mess with me
We a different party
You won't get the recipe
Buy and live yourself
While you can't even get next to me

You do your life away
Do your life away
Just ask the day when you do your life away
They took your life away,took your life away
Man I hope,I pray ,this bitch won't take my life away

You do your life away
Do your life away
Just ask the day when you do your life away
They took your life away,took your life away
Man I hope,I pray ,this bitch won't take my life away
Niggaz ask me daily,nigga
Why my nigga streets are alone?
..and their time is up
I used to feel it fast,nigga
No,not no fucking move,nigga
'You pussy niggaz,you're telling no
Say a nigga that is poppin' bottles
Say a nigga that is riding horny

Say a nigga that ain't playing with me
Saying a nigga that tellin no salutes
All the niggaz worldwide
We don't respect and fuck a nigga
'Leave me and my niggaz alone
Let the real niggaz ball
You wanted to pay some
Tell the world that you are a fucked nigga

They say the streets ain't got no paper
