

# Fire Meet Gasoline

Sia

It's dangerous to fall in love behind  
Wanna burn with you tonight  
Your heart and me  
There's two of us  
We're certain with desire  
The pleasure is pain and fire, burning  
So come on now  
I'll take you one  
Take you one, hey  
Hate for love, in for us, wild  
To come, does it come a little closer?  
So come on now  
Strike the match  
Strike the match now  
A perfect match  
Perfect somehow  
I will never want another  
Calling on, I'll blow who's fast

Fire meet gasoline  
Fire meet gasoline  
Fire meet gasoline  
I'm burning alive  
I can barely breath  
And you feel love for me  
Fire meet gasoline  
Fire meet gasoline  
I got on a knee  
When you came back for me  
Fire meet gasoline  
I'm burning alive  
I can barely breath  
And you feel love for me  
Fire meet gasoline  
Burning tonight

And we will rise  
Rise more dark now than the sky  
I'll meet on the drive  
Take on fire  
So come on now  
Strike the match  
Strike the match now  
A perfect match  
Perfect somehow  
I will never want another  
Calling on, I'll blow who's fast

Fire meet gasoline  
Fire meet gasoline  
Fire meet gasoline  
I'm burning alive  
I can barely breath  
And you feel love for me  
Fire meet gasoline  
Fire meet gasoline  
I got on a knee

When you came back for me  
Fire meet gasoline  
I'm burning alive  
I can barely breath  
And you feel love for me  
Fire meet gasoline  
Burning tonight

But it's about best, certainly  
But I want what I want, and I gotta get it  
When the fire dies  
Dark in the skies  
Hot ash, and max on the smoke till love  
But it's about best, certainly  
But I want what I want, and I gotta get it  
When the fire dies  
Dark in the skies  
Hot ash, and max on the smoke till love

Fire meet gasoline  
Fire meet gasoline  
Fire meet gasoline  
I'm burning alive  
I can barely breath  
And you feel love for me  
Fire meet gasoline  
Fire meet gasoline  
I got on a knee  
When you came back for me  
Fire meet gasoline  
I'm burning alive  
I can barely breath  
And you feel love for me  
Fire meet gasoline  
Burning tonight

Burn wide tonight  
Burn wide tonight  
Burn wide tonight  
Eh eh
