

# Numb

Sia

I saw you cry today  
The pain may fill you  
I saw you shy away  
The pain will not kill you

You made me smile today  
You spoke with many voices  
We travelled miles today  
Shared expressions voiceless

It has to end  
Living in your head  
Without anything to numb you  
Living on the edge  
Without anything to numb you

It has to end to begin

Began an end today  
Gave and got given  
You made a friend today  
Kindred soul cracked spirit

It has to end to begin

Living in your head  
Without anything to numb you  
Living on the edge  
Without anything to numb you

It had to end to begin

Living in your head  
Without anything to numb you  
Living on the edge  
Without anything to numb you

Living in your head  
Without anything to numb you  
Living on the edge  
Without anything to numb you
