

Snowflake

Sia

Snowflake I catch you tonight
Catch you and keep you on ice, my love
Snowflake you know you're the only one
There's no one like you, so I'm gonna hide you
My sweet
Keep you to Winter when you won't be needing me

Snowflake I'm trying to keep you safe
You gave me your trust and I want you safe
Snowflake you know I've got your back
There's no one like you, so I'm gonna hide you
My sweet
Keep you to Winter when you won't be needing me

Christmas day all freedom comes
Unprotected from the sun
By then you'll be cold, and now
For me to sing you off with love
Snowflake don't forget us
Snowflake don't forget us
Snowflake don't forget us
If I'm gonna melt than I better melt it on you
There's no way around this and only we know we're true

Snowflake now you're on your own
I love you, I know you're just here alone
You're best and soon you'll be on your way
There's no one like you, so it's gonna cry myself to sleep
I kept you to winter now you won't be needing me

Christmas day all freedom comes
Unprotected from the sun
By then you'll be cold, and now
For me to sing you off with love
Snowflake don't forget us
Snowflake don't forget us
Snowflake don't forget us
If I'm gonna melt than I better melt it on you
There's no way around this and only we know we're true
