

## Space Between

Sia

A neverending sentence in my head  
We lay hollow in the emptiness  
I'm too tired to push you from the bed

No more fighting, there's no more fighting  
There's no more fighting for us

Fill the void in our bed  
The space between is deafening  
Oh, we don't bend, we're breaking  
The space between is deafening  
The space between is deafening

No one's moving, we lack the courage to  
We lay in stalemate, wishing the other would  
But we're too tired, we let the embers cool

No more fighting, there's no more fighting  
There's no more fighting for us

Fill the void in our bed  
The space between is deafening  
Oh, we don't bend, we're breaking  
The space between is deafening

No more fighting, we've given up now  
Silence says more than words  
Imagination cures loneliness  
When you become a prisoner

Fill the void in our bed  
The space between is deafening  
Oh, we don't bend, we're breaking  
The space between is deafening
