

# Stop Trying

Sia

We like you  
This is a game already won  
The time has come, stop trying

We like you  
This is a game already won  
Your time has come, stop trying

Take a break, you must be tired from the strain  
Take a break and let us carry your pain  
Please slow down, you are making my head spin  
Please slow down, you have all I have to give

We like you  
This is a game already won  
The time has come, stop trying

We like you  
This is a game already won  
The time has come, stop trying

You don't know, you have everything you need  
You won't grow 'til you get down on your knees  
Say goodbye and do not dissect your lies  
Say goodbye, there's no need to apologize

We like you  
This is a game already won  
The time has come, stop trying

We like you  
This is a game already won  
The time has come, stop trying

We like you  
This is a game already won  
The time has come, stop trying

We like you  
This is a game already won  
The time has come, stop trying

We like you  
This is a game already won  
The time has come, stop trying

We like you  
This is a game already won  
The time has come, stop crying
